Three credit courses are devoted to project courses to equip the students to take up challenging assignments in the Agri Business sector. (1 credit is equivalent to 30 sessions of 70 minutes each) course structure at Annexure - VI The interspersal for the year 2019-2020 is provided in Annexure - VII										
	Examination system, Year/Sem	<p>The performance of the students in each course in each term shall be evaluated through quizzes, assignments, exercises, class-participation, presentations, projects, short tests, etc., in addition to a mid-term examination and an end-term examination. The respective instructors will inform the combination of the evaluation components and the weightages thereof. As stated in the detailed course outline, the objective of the evaluation, apart from ensuring that students attain the necessary minimum standards, is also to help the students to improve their performance in the courses. Therefore, the evaluation components shall be arranged so that the students get feedback on their performance at regular intervals. Every full credit course may have at least three clearly visible evaluation components and two such components of evaluation for every half-credit course. No single component should have a weightage of more than 50% of evaluation.</p> <p><u>Grading</u></p> <p>The grading system will be based on the five-point scale listed below.</p> <table border="1" data-bbox="818 1709 1283 1917"> <tr> <td>A</td> <td>Excellent</td> </tr> <tr> <td>B</td> <td>Good</td> </tr> <tr> <td>C</td> <td>Satisfactory</td> </tr> <tr> <td>D</td> <td>Low Pass</td> </tr> <tr> <td>F</td> <td>Fail</td> </tr> </table> <p>Besides, plus (+) and minus (-) signs against A, B, C</p>	A	Excellent	B	Good	C	Satisfactory	D	Low Pass	F	Fail
A	Excellent											
B	Good											
C	Satisfactory											
D	Low Pass											
F	Fail											

		and D may be added to indicate varying degrees of performance. <u>Minimum Standards</u> (i) In each term, a student must obtain a Grade Point Average (GPA) ¹ of not less than 2.0; and (ii) should not obtain "D" grades in more than two courses; and (iii) should not obtain "F" in more than one course; and (iv) should have cleared any incomplete (I) grade in any course in a term. ¹ The GPA for each term will be computed by dividing the weighted (weight of "1" is assigned to a full credit course and "0.5" is assigned to a half- credit course) aggregate of the grade points obtained by a student in various courses of a term divided by the total number of course credits in the term. Clarification: If a student obtains "D" in two courses then she/he should not obtain "F" in any other course. If a student obtains "F" in one course, then she/he should not obtain "D" in any other course.
