1st – 2nd  
March, 2024

**Venue :**

“Sahakar Bhavan”,  
Kevadia, Gujarat

## About Conference

On establishment of new Ministry of Cooperation by Government of India, New Delhi in the year 2021 many new initiatives have been taken for strengthening of cooperatives in the country. The policy decisions taken by the Government of India covers the cooperatives at the grass root level to apex level. Amongst many initiatives information technology intervention is one of the important initiative as the technology intervention in most of the cooperatives is in infancy stage. The initiatives related to information technology for cooperatives will modernize & enhance efficiency of the cooperative sector by brining the entire cooperative eco system on a digital platform & will improve governance of the cooperatives. The implementation of all these initiatives calls for strategies to impart required training for capacity building at various levels of management. The conference will facilitate the participants for understanding of new initiatives of Ministry of Cooperation and its implementation plan of action besides application of emerging technology in cooperatives and to draw training need assessment for cooperatives.
