

Celebration of International Women's Day at VAMNICOM

On March 8th, 2024, VAMNICOM celebrated International Women's Day with a spirited celebration, bringing together the Director, Registrar, Faculty Members, and Staff in a joyous and reflective atmosphere. The main point of the event was the commemoration of women's achievements and the acknowledgment of their enduring struggles. The Director, in her opening address focused into the theme of International Women's Day - 'Invest in Women: Accelerate Growth.' She discussed with VAMNICOM staff about supporting and empowering women.

On this occasion, institute gave an opportunity for the talented VAMNICOM staff to showcase their diverse skills. The event featured captivating performances, including singing, poetry reading, and dance, highlighting the rich talents within the VAMNICOM staff.

Dr. Pallavi Ingale, Associate Professor expressed heartfelt gratitude to all attendees for their enthusiastic participation, making the International Women's Day celebration a booming success.

The VAMNICOM event celebrates women's contributions and promotes gender-inclusive growth.
